

July 29, 2020

McClave Staff, Students, Parents, and Community,

This is the most recent update, in this ever-changing COVID situation. Please know it is subject to change, based on local health department regulations, state regulations, as well as CDE regulations.

Our Registration Night, originally scheduled for August 3rd, has been canceled. We are trying to limit the number of mass gatherings, in order to have the best opportunities for in-person learning. Registration packets, along with class schedules will be mailed out next week. Please return the registration packets on the first day of school. We will register high school students for classes on their first day. Class schedules will be sent home for parent signatures. Class supply lists are on the website and at Walmart.

The first day of school is scheduled for August 12th - it will be a full day from 8am-4pm. As of right now, we are expecting to be at Plan C.

Some of the details include:

- masks required for ages 11 and up
- masks required for all staff members most of the day
- temperature and screening checks before each school day begins
- one-way hallway for junior high and high school students
- hand sanitizing stations available
- cafeteria spacing and scheduling
- no visitors or parents in building unless required
- parents need to keep students home that show any symptoms of COVID
- students remain with cohorts (same grade level) as much as possible

We are giving our best efforts to have our school day remain as normal as possible, while keeping all students and staff members safe. Again, this information is all subject to change.

Sincerely,

Brianne Howe
